Dear Leslie,

The Joint Tumor Section would greatly appreciate the support of the CNS and AANS to continue our work as outlined in our bylaws and prior communications with you. We respectfully request that each of our parent organizations provide us with \$4000.00 in startup funds. Our financial statement is enclosed for your review. Thank you for your consideration. If you need any further information to present to your Executive Committee/Board of Directors please let me know.

Sincerely,

Mark L. Rosenblum, M.D.
